FEATURED SESSION

The Disruptors and the Disrupted: How Workforce Intelligence is Shaping Healthcare's Competitive Landscape

Healthcare workers reside at the core of delivery, driving the single highest expense and the primary way to generate revenue and market share. There has never been more need to leverage workforce data to optimize network and care team structure, recruit talent, and reduce attrition.

This panel of healthcare leaders will discuss leveraging data for better delivery models, quality improvement, care team redesign, attracting top providers, and boosting profitability.

↑ 29%

growth in da Vinci surgical procedures performed in the U.S. from 2012 to 2023*

↓ 13%

decline in laparoscopic procedures performed in the U.S. from 2012 to 2023*

Watch to learn how da Vinci surgery might impact your bottom line.

The truth about da Vinci surgery

Did you know da Vinci robotic-assisted surgery can help hospitals achieve better outcomes and potentially increase patient throughput to support improved revenue generation and optimized staffing resources?

Robotic-assisted surgery is the only growing surgical modality – are you preparing for future growth?

*Procedures included: bariatrics, cholecystectomy, colorectal, foregut, inguinal hernia, ventral hernia, hysterectomy - benign & radical, lung resection, nephrectomy - partial & radical, and prostatectomy procedures. Estimates based on Open and Lap data from IQVIA, and Intuitive internal data for robotic procedure volumes. Data on file at Intuitive. 2022 and 2023 uses 2021 IQVIA projected volumes for lap and open. 2022 dV volumes are actuals via onsite connected systems. 2023 dV volumes is based on full year estimates from latest Intuitive forecast in September 2023.

- Jatin Dave, Chief Medical Officer, MassHealth
- Kevin Manemann, Executive Vice President, Chief Integration Officer, City of Hope
- Braden W. Batkoff, MD, Chief Medical Officer, United Cardiology Partners Inc.
- Moderated by Madeline Ashley, Writer / Reporter, Becker's Healthcare

REDESIGNING CARE DELIVERY

A Proven Model to Achieve More with Less and Impact the Burnout Challenge in Healthcare

There has been a lot of conversation about burnout in healthcare. Looking at this from the perspective of an industrial-organizational psychologist, it's understandable why this is a common refrain among providers and administrators. To achieve more impact with less resources, attendees will learn:

- Strategic methods to reduce burnout in healthcare
- The costs of retention and how to mitigate them when possible
- How management/leadership exhaustion plays a part in this issue
- Ways to change a provider's work environment to your primary care portfolio.

- James Forrester, Chief Transformation Officer and Chief Information Officer, University of Rochester Medical Center
- Yoemy Waller, Chief Information Officer, Lake Health District Hospital
- Paul Butler, Chief Information Officer, Regional West Health Services
- Shiv Rao, MD, Founder and Chief Executive Officer, Abridge
- Moderated by Brian Zimmerman, Associate Vice President, Client Content + Strategy, Becker's Healthcare

100%
physician-owned
since day one

and counting.

Vituity is different.

In today's healthcare environment, different is good. We are a 100% physician-owned partnership, and we've been that way since day one. Ownership creates stability; stability creates engaged physicians. And engaged physicians make better decisions.

In collaboration with our hospital and health system partners, we build innovative solutions to address today's healthcare challenges.

Explore the difference.

- Bill Munley, Chief Executive Officer, Shriners Hospitals for Children - Greenville
- Leong Koh, MD, President and Chief Executive Officer, Northwest Permanente
- Moderated by Erica Carbajal, Editor, Becker's Healthcare

Change *Forward*

Want to learn about **navigating change**
in today's new pharmacy landscape?

Pharmacy is rapidly evolving.

Savvy health systems are capitalizing on the potential financial outcomes that exist, expanding their pharmacy operations in unprecedented new directions. But to do this means navigating the ups and downs of the industry. It requires a mindset shift and a willingness to embrace change.

Start your journey today by joining us for our featured session:

The Business of Pharmacy:

How to Amp Up Your Growth Journey
April 8, 1:30-2:10 pm

MONDAY, APRIL 8, 2024

Water Tower (West Tower - Concourse Level)

I. From Vision to Reality: Executing Meaningful Population Health Strategies through Strategic Partnership

- Carrie Harris-Muller, Senior Vice President and Chief Population Health Officer, OhioHealth
- Paul Casey, MD, MBA, FACEP, Senior Vice President; Chief Medical Officer; Interim President, Faculty Practice Group; Professor, Emergency Medicine, Rush University Medical Center
- Sarah Johnson Conway, MD, Interim Johns Hopkins Medicine Senior Vice President, Office of Johns Hopkins Physicians; Chief Medical Officer, Johns Hopkins Clinical Alliance; Assistant Professor of Medicine, John Hopkins University School of Medicine
- Ishani Ved, Director, Transformational Population Health and Outcomes, Saint Peter's Healthcare System
- Moderated by Laura Dyrda, Vice President, Editorial and Editor in Chief, Becker's Healthcare

Comiskey (West Tower - Concourse Level)

J. The Mercy "Bottom Line Playbook" to Decreasing Premium Labor Spend while Increasing Access to Care

- Betty Jo Rocchio, DNP, MS, RN, CRNA, CENP, Senior Vice President and Chief Nursing Executive, Mercy

CNO + Clinical Leadership Stage
(East Tower, Riverside Exhibit Hall)

L. CNO Focus: How to Lead Compassionate Teams

- Shannon Odell, MSN, RN, FACHE, NEA-BC, CENP, RNC-OB, Vice President, Chief Nursing Officer, Nicklaus Children's Hospital
- Holly Muller, DNP, RN, Chief Nursing Officer, Presbyterian Delivery System
- Deana Sievert, DNP, RN, Chief Nursing Officer, Ohio State University Wexner Medical Center
- Moderated by Mackenzie Bean, Associate Vice President, Managing Editor, Becker's Healthcare

Supply Chain + Thought Leadership Stage
(East Tower, Riverside Exhibit Hall)

M. How CEOs Can Build Trust With Their Teams

- William E. Davis, MBA, CLSS, Chief Executive Officer, Crossroads Community Hospital; Chief Executive Officer, Heartland Regional Medical Center; Illinois Region President, Deaconess Illinois
- Chanda Chacon, President and Chief Executive Officer, Children's Nebraska
- Rachel Sossoman, FACHE, President and Chief Executive Officer, Mercy Urgent Care
- Moderated by Holly Buckley, Partner, McGuireWoods LLP

Toronto (West Tower - Ballroom Level)

Pharmacy Forum Track B

How Pharmacy Will Shake-Up Healthcare in the Next 5 Years: Threats and Opportunities

- Ghalib Abbasi, PharmD, MS, MBA, System Director, Pharmacy Informatics, Houston Methodist Hospital System
- Lynn Eschenbacher, PharmD, MBA, FASHP, CPEL, Chief Pharmacy and Strategy Officer, QuVa Pharma, Inc.
- Moderated by Paige Twenter, Assistant Editor, Becker's Healthcare

2:15 - 2:55 PM

Grand Ballroom (East Tower - Ballroom Level)

A. Fireside Chat –

- Anne Klibanski, MD, President and Chief Executive Officer, Mass General Brigham
- Leslie C. Davis, President and Chief Executive Officer, UPMC
- Moderated by Rhoda Weiss, PhD, National Healthcare Consultant, Speaker and Educator; Author, Managing Healthcare Reform: Ideas for Leaders

Grand I (East Tower - Ballroom Level)

B. Semi-Keynote Interview –

- Michael Slubowski, President and Chief Executive Officer, Trinity Health
- Moderated by Laura Dyrda, Vice President, Editorial and Editor in Chief, Becker's Healthcare

As of 2019, drug overdoses are a leading cause of injury-related deaths in the US.¹

In 2022, **81.8%** of drug overdose deaths involved at least one opioid. Illegally made fentanyls were the most commonly involved drug class and were found in **74.6%** of overdose deaths.²

IMAGINE a better future for patients. **WE DO.**

Indivior was founded to help tackle the opioid crisis, one of the largest and most urgent public health emergencies of our time.

Our purpose is to bring science-based, life-transforming treatments to patients. We strive to help eliminate the stigma of addiction.

- Kelly Black, System Manager, Opioid Program, Essentia Health

«My training is hard.
My heart isn't.

**I'm not an
aggregate.»**

Your patients want to be treated as individuals. But aggregated data will never bring you the information you need to understand each patient as a unique person. That's why so many healthcare systems are leveraging the power of Human Understanding[®], only from NRC Health.

We bring caregivers the unique insights they need to humanize healthcare. And that matters. To your caregivers. To your patients. And to the quality of each of their experiences.

**Start humanizing healthcare now at
NRCHealth.com/GoDeeper.**

M(SUPPORT)RE IN AMERICA

Doing More in America

to Strengthen the
Supply Chain of Care

For years, Fresenius Kabi has been doing **More in America** to strengthen America's supply chain of care.

- **More Supply:** We've invested nearly \$1 billion to bring more manufacturing to America. Today, more than 70% of our pharmaceuticals for the U.S. are proudly formulated, filled and packaged in the U.S.,¹ and new capacity is coming online.
- **More Support:** Our people, products and processes are all focused on helping our customers deliver patient care with more confidence.
- **More Science:** From tiny RFID labels, to premixed medicines and prefilled syringes, to high-quality biosimilars, we're always looking for innovative ways to help support clinicians and patients.
- **More Caring:** The driving force behind everything we do is our purpose, caring for life - it's what connects us to our customers.

To learn how Fresenius Kabi is doing **More in America** by supporting our customers and patients and helping make medicines more accessible and affordable, visit www.moreinamerica.com.

- Moderated by Riz Hatton, Assistant Editor, Becker's Healthcare

Fostering Productivity and Satisfaction with a Simple Question: 'How Are You Doing?'

Presented by Cigna Healthcare

DATE Wednesday, April 10, 2024

TIME 2:15 pm - 2:55 pm CT

LOCATION Hyatt Regency, Comiskey
West Tower – Concourse Level

We are often lost in a world of packed schedules and tight deadlines, losing our empathy and connection to our teams and patients.

46% Nearly half of health workers reported often feeling burned out in 2022, up from 32% in 2018.

44% Nearly half of health workers intended to look for a new job in 2022, up from 33% in 2018.

62% of adults said they don't talk about their stress because they don't want to burden others.

The simple act of checking in on someone's wellbeing can open the door to a more empathetic workplace and more satisfied patients, which has proven to increase productivity and overall positive feedback. According to the CDC, supportive workplaces and conversations can help to promote well-being. Health workers reported fewer mental health issues when they said they work in supportive environments.

In this panel, we will discuss the impact of well-being programs across multiple health systems and settings.

Meeting Adjourns

Delivering superior patient experiences with safe, efficient and optimized healing environments.

Give your patients the best care while improving facility performance - with Johnson Controls.

Our commitment is to develop sustainable infrastructure solutions that prioritize patient well-being and minimize the impact on the environment. Through innovative solutions, we aim to reduce capital, energy, and operating costs while improving the sustainability, comfort, and technological advancements of healthcare facilities. By enhancing efficiencies, our solutions result in cost savings, increased patient and staff satisfaction, improved patient care, and higher overall hospital quality.
